THIS SPACE FOR WRITING

Rec'd the Guide this AM. and it was just as I expected - a great station (N.Y.). I've had some copies of the Guide in the city. You have quite a variety of programs marked out, and most of them are very good. I notice that you are very fond of barn dances. Have you tried on in the WDRC barn dance yet? I can't get some of those N.Y. stations very clear sometimes - too much static. Why didn't you mark a bigger ~~circle~~ on J. M.'s programs? His operation didn't have any bad effect on his singing at all. In fact, it improved it very much. (I could put a noise rack here, but I don't want to cause you any ill-feeling.) Am sending a copy of the Guide that I get out here. I will also mark the programs that I like. Hope you like them. Regards to Lu and tell her to write.

P.S. Have much company Sunday?
